August 2, 2010

Dear TAC Members,

This month's meeting has quite a few items on the agenda. To begin with, the Scenario Planning Study has come to it's end and the Consultant, Andrew Howard, will be making a presentation on the study's final draft for your consideration and recommendation. He will also be having a workshop training on August 20, 2010 from 8:30 am to 12:00 pm at the HCMPO Conference Room. It is imperative that you attend.

As you all know, we are trying to get the Fall CMP going. Technical Committee Evaluations will be performed on this day, and depending on the outcome, we will let you know what the next step will be.

We sent out an email asking for items needed to be discussed at TAC level, and we received a request to discuss the measures to reduce delay on the expressway due to accidents. HCMPO staff has been working on some research upon this request, and it will be presented to everyone.

Thank you very much for your participation and cooperation in the TAC meeting. Should you have any questions or comments, please do not hesitate in contacting me at your convenience.

Sincerely,

Andrew A. Canon
Transportation Director
